

What is the Infinity Region?

The Great Spiral; The setting of The Infinity Region™. It is divided into three ‘regions’: Exfinity, Midfinity, Infinity (Infinity is where the most ‘action’ takes place). In each region, there are many, many stars, each with planets and moons. There is any type of civilization imaginable; A world of trash, of food, of men, of elves, magic, steampunk, wizards, time travel, and more. On a remote planet in the *Star Wars* sector, a boy is born: Ben. He shares the name with an ancient warrior.

Ben: Ancient Warrior

Ben was a Great, but Humble Warrior. Many, many times he saved the cliché damsel-in-distress, Princess Delaney. Inspired by the Hero of Time, he battled monsters again and again.

One story:

Delaney, again, was kidnapped and being held at the Quarry, near the Great Wall. Miners attempted to comfort her, to no avail. Ben, realizing she was missing, searched The Land for her, battling Monsters and Enemies, including the Evil Matt and Justin. Against all odds, he saved her, and they returned to the castle.

Ben: A New Hope

In the *Star Wars* sector of the Infinity Region, a boy was born, Ben. He shares the name of an Ancient Warrior of The Land, although this was unknown to him at the time. He lived with his parents in relative poverty, receiving minimal education. When he was 8 ‘Earth’ years old (about 13 on his planet), a Jedi Master, Matt, explored the planet, dubbed Tatooine. While he was there, he stayed with the Hun family, whose child was Ben. Matt took a particular interest in Ben, and offered an apprenticeship.
